

**14th International Congress of  
Therapeutic Drug Monitoring & Clinical Toxicology**  
11-15 October 2015 | Rotterdam, The Netherlands  
**ALL TIME HIGH BELOW SEA LEVEL**

## Dear members and guests,

Rotterdam is famous for running. The Rotterdam Marathon often produces very fast times, as the course is flat and weather conditions are typically favorable (always wind in the back..). It has also been ranked as one of the top 10 marathons in the world by Runner's World magazine.

We invite you to join us for **AN EARLY MORNING RUN (6 KM), ON TUESDAY OCTOBER 13**. During the run we will visit the start and finish of the Rotterdam Marathon, and we will cross the river twice.

Three groups of runners will depart from the entrance of the congress center at 6:30 am. Runners from the famous Rotterdam Running Ambassadors will guide you through the city. You are kindly invited, no need to pre-register, no cost.

Kind regards,  
**Dr. Eric Franssen**

*Chair local organizing committee*
